Ideas

- Receiving Blankets- 1 ¼ yard fabric each for front and back, pillow case them RST leaving enough opening to turn, turn right side out close opening and topstitch.
- Practice quilt designs on a dry-erase board to get the feel of it. You can doodle away and erase over and over. Use a scrap of cotton batting as an eraser.
- Use an over-the-door clear plastic shoe organizer to store fat quarters and other small quilting supplies in. You can have one on each side of the door.

They would give you about 30 pockets. They are inexpensive, offer a view of what's in each pocket and are a great solution for storage dilemmas.
