The February meeting usually is the Quilto meeting.

For those that are new Quilto is a game like Bingo.

Bring one fat quarter for each card you want to play. The last game will be a black-out game and the winner of that will get all the fat quarters.

When you get a Quilto you can go to the table and select a prize. All the prizes are donated by members. New items are needed so bring whatever you would like to donate as prizes. They can be sewing related or not. Look around your homes for items you no longer need or want that others might like.

Everyone needs to bring treats as this is a no-host meeting.

"QUILTO" is a quilter's version of Bingo.

QUILT-O uses quilting terms known to quilters and some are amusing like, "I don't do buttons" or "I collect fabric." It comes with complete instructions, a master game board, calling discs and 150 different cards. Extra cards are available for an additional fee. Additionally, you will receive suggestions on planning your event. The program can be adapted for a small or large group.

We know quilt groups are always looking for a fun, inexpensive activity for a meeting night. Iowa quilter Cathy Busch suggests this "quilty version" of an all-time favorite. you'll love playing on patchwork game cards!

We recommend you use Avery Clean Edge Business Cards #28877 for the bingo cards.
